

2
death of Dr. Chas. Henschel read
the following tribute.

The Obstetrical Society of New York
has heard with great regret the announce-
ment of the death of Dr. Chas. Henschel
at Zurich Switzerland on the 10th of
September last.

The Deceased, one of the Founders and
sometime President of this Society bears
ours an honored and beloved memory.

His large experience, matured
through a professional life of more than
40 years, was rendered valuable by a
sufficient early education, and by habits
of careful observation, abundant reading
and accurate record.

His scientific statements were comprehen-
sive and exact, and in practice he was ready,
thorough and full of resources.

His genial humor enlivened our social hours and his integrity, Courtesy and Kindness won our complete Esteem and Confidence.

In regretting our great loss we respectfully offer the assurances of our sympathy to his bereaved family, and to the many friends and patients who mourn the absence of his counsel and care.

It is directed that this expression of our feeling be entered upon our Minutes and a copy thereof be forwarded to his family.
